   The report set out the draft budget from the University's business planning exercise for 2018/19 and financial forecasts for the four following years.

   **RESOLVED** that the budget for 2018/19 and the forecasts for 2019/20 to 2022/23 for submission to the Office for Students (OfS) be approved. 109 Regulated Fees

Council considered a report by the Executive Director, Finance and Planning which set the tuition fees for regulated students in 2019/20 and beyond. The regulations related to students who had been assessed as eligible for fee support. For the University this can be taken to relate to full-time Home and EU undergraduate students (see section 4.2 re EU student status).

RESOLVED that

(i) students who began their course of study in 2017/18 and 2018/19 will continue to be charged a fee of £9,250 per year for the duration of their studies;

(ii) those who begin their course in 2019/20 will be charged a fee equivalent to the maximum permitted for regulated students. It is expected that this will be £9,250, subject to the outcome of the review into Higher Education funding, due February 2019.

In setting these fee levels it is assumed that EU students will be treated in the same category as Home students. This position has been confirmed for EU starting courses in
2018/19 and 2019/20. Careful wording will be used when fee levels are communicated more widely.

Part-time students will be charged a maximum of 75% of the regulated fee.
