The Academic Regulations which are detailed in Section V: [Regulations for Research Degrees and Higher Doctorates](#), and Section IV: [General Information and Regulations of the University Calendar](#), apply to and regulate the programme(s) listed above.

On occasion, programmes can be exempted from one or more of the clauses in the Regulations; one or more of the clauses can be varied; and programmes can impose additional requirements.

- Exemptions are characterised by the omission of the relevant clause.
- Variations are characterised by the replacement of the clause with alternative wording.
- Additions are characterised by requirements in addition to those detailed in the Academic regulations.

The programmes listed have approval from the Academic Quality and Standards Committee for the **exemptions** and/or **variations** and/or **additions** to the regulations noted below.

Additional requirements

The clause(s) listed below are in addition to the Academic Regulations:

1. Students enrolled on the iPhD Web Science programme are required to obtain a Merit in their taught component in order to continue in the research phase of that programme. Students who pass their taught component but do not achieve Merit will be offered a viva, which they will be required to pass if they wish to continue to the research component.

These regulations should be read in conjunction with the programme specification.

Disclaimer:

As a research-led University, we undertake a continuous review of our programmes to ensure quality enhancement and to manage our resources. As a result, these regulations may be revised during a student's period of registration, however, any revision will be balanced against the requirement that the student should receive the educational service expected. Please read our [Disclaimer](#) to see why, when and how changes may be made to a student's programme.
