Cycle route between the National Oceanography Centre and Highfield Campus

- Main cycle route
- Restricted cycle route
- Pedestrianised areas

Please check where cycling is permitted before travelling through parks

** This cycle map outlines what the authors believe to combine the quickest and safest cycle route between NOCS and the University's Highfield campus. Its content is purely advisory, however, and no responsibility can be accepted for any loss or injury incurred through using the suggested route or following the advice contained in the rest of the leaflet.*
